CARE AND MAINTENANCE

Keep your frame clean. Dirt and road grime lead to oxidation and fading of the finish, and they make it hard to do a thorough inspection. Dirt will accelerate any abrasion of the paint that comes from rubbing, such as places where the cable housing touches the frame. In extreme cases, this type of abrasion could remove frame material.

When your bicycle is not being ridden, store it where it will be protected from rain, snow, sun, etc. Rain or snow may cause the metal on your frame to corrode.

If your bicycle was exposed to moisture during a ride, thoroughly dry the bicycle before storing it. If water got inside the frame, tilt the bicycle to drain the water. If necessary, remove the seatpost and turn the bicycle upside down. This is especially critical if there is a large amount of water inside. If water freezes inside your frame, the expansion of the ice can crack and rupture the structure.

Before storing your bicycle for an extended period of time, clean and lubricate the frame with a frame wax, polish, or protectant. Do not store the bicycle near electric motors, as ozone from motors destroys paint. Before riding the bicycle again, follow the pre-ride checklist to be certain it is in good working order.

PRE-RIDE CHECKLIST AND INSPECTION

Before every ride carefully inspect your frame and fork for damage, cracks or any other signs of fatigue. If any frame part or fork shows signs of damage or fatigue, consult your dealer immediately or replace the frame or fork before riding the bicycle. Regularly inspect all components for any damage or extreme wear and replace upon detection. Please also check and inspect brake function as well as proper wheel mounting before each ride. For more information, please refer to the Civia Owner's Manual received with your bike or at www.CiviaCycles.com/safety/.

In the event of a crash or impact, carefully inspect handlebars, fork, stem, seatpost, wheels and the frame for any visible damage. As with any component under varying degrees of stress there is a fatigue life that is proportional to the type of use and abuse applied to the part. Always inspect your components before a ride. If you have doubts about the integrity and condition of any part, replace it. Consult your dealer if you are unsure about the condition of your Civia frame or fork or any part of your bicycle.

▲WARNING: An improperly modified frame, fork, or component can cause you to lose control and fall. NEVER MODIFY YOUR FRAMESET.

▲WARNING: Attaching incompatible clamping devices to a fork can lead to fork breakage, causing a loss of control. If you are not sure if a device is compatible, consult your dealer.

Get a pen and write down the serial number of your Civia immediately. The number is stamped into the bottom of the bottom bracket shell. Having this number is imperative if your bike ever gets stolen or if you ever have questions about your frame.

CIVIA LIMITED WARRANTY

All Civia products are warranted against manufacturing defects in materials and workmanship from the date of retail purchase of the product, subject to the limitations detailed below. Every Civia frame, fork and component has a useful product life cycle that depends on the construction, material, maintenance, amount and type of use of the product. Save your dated receipt for proof of purchase.

Three Years

- Aluminum frames

Two Years

- Steel bicycle forks

This warranty applies to only Civia branded product. Any other original part or component shall be covered by the stated warranty of the original manufacturer. Any products not specifically included above are hereby omitted.

TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

This warranty does not cover the following:

- Damage due to improper assembly or follow-up maintenance or lack of skill, competence or experience of the user or assembler
- Products that have been modified, neglected, used in competition or for commercial purposes, misused or abused, involved in accidents or anything other than normal use
- Damage or deterioration to the surface finish, aesthetics or appearance of the product
- Bent or broken derailleur hangers
- Labor required to remove and/or refit and re-adjust the product within the bicycle assembly
- Normal wear and tear

This limited warranty is expressly limited to the repair or replacement of a defective product, at the option of Civia, and is the sole remedy of the warranty. This limited warranty applies only to the original purchaser of the Civia product and is not transferrable. This warranty applies only to Civia products purchased through an authorized dealer or distributor. In no event shall Civia be liable for any loss, inconvenience or damage, whether direct, incidental, consequential, or otherwise resulting from breach of any express or implied warranty or condition, of merchantability, fitness for a particular purpose, or otherwise with respect to Civia products except as set forth herein. This warranty gives the consumer specific legal rights, and those rights and other rights may vary from place to place. This warranty does not affect your statutory rights.

WARRANTY REGISTRATION

Proof of purchase is required before a warranty claim is processed. Civia strongly encourages warranty registration at civiacycles.com. Failure to register will not affect consumer rights under the limited warranty stated above, so long as the consumer can show in a reasonable manner proof of original ownership and the date the Civia product was purchased.
