FOUNDRY ROUTER

2012 Build Specifications

FOUNDRY ROUTER

The Router delivers on Foundry's promise of an uncompromising commitment to improving every aspect of the rider's experience. Like a well-crafted tool—crafted to work, crafted to last—the Router is precision-engineered to be light, fast and durable. Rigorously tested to ensure durability, the Router is purpose built: made to be ridden hard—every day. Its bold, precise lines are aggressive—still you will never find it draped in splashy logos or neon colors. The Router is a modern high-performance bike: a precision tool that helps the rider get the most from every ride.

Details:

Weight: 973g (Medium)

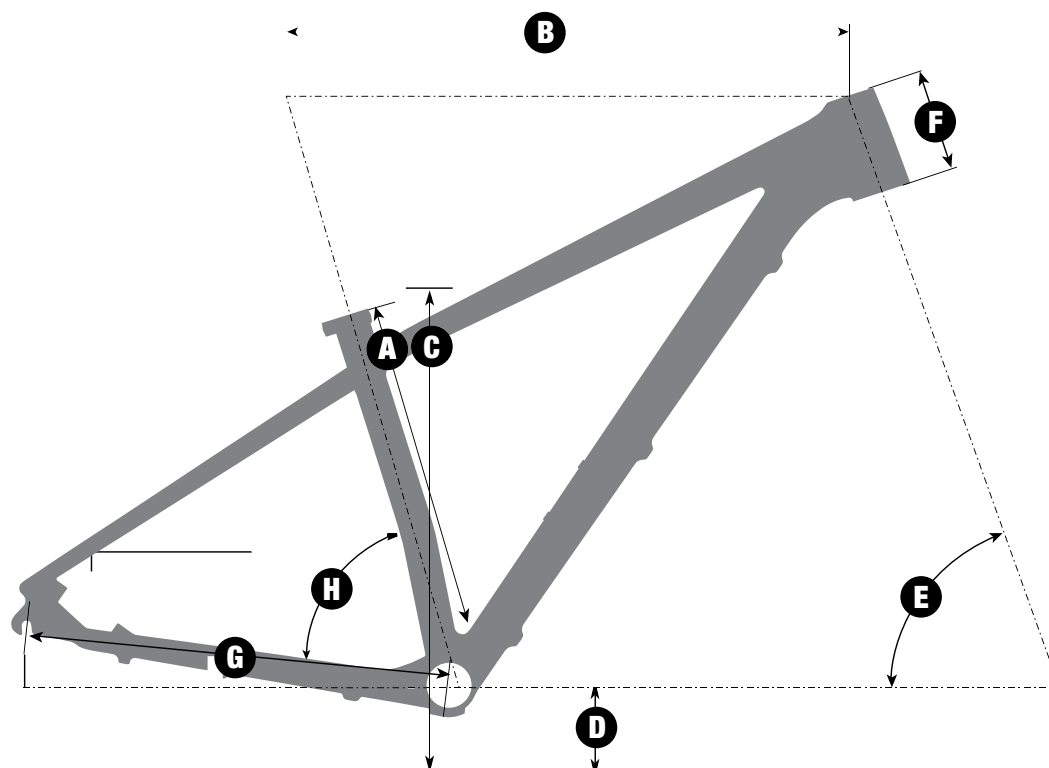

Frame: High-modulus Carbon Fiber

Warranty: 10 Years (Original Owner)
